

Safe Network - Free Workshops

Safe Network

Safe Network is a joint development between NSPCC and Children England and is funded by the Department for Education to provide advice and guidance on keeping children safe, to organisations in the voluntary and community services sector. Working in partnership with Children England it has a remit to take a much broader perspective on keeping children and young people safe, and focuses on four key areas that impact on children's safety

These are:

- safer recruitment
- child protection
- anti-bullying
- reducing avoidable accidents in the workplace.

Free workshop

A joint partnership between the London Borough of Wandsworth and Safe Network are offering the voluntary and community sector the following sessions:

Dates and Venues

12th March 2012 - 17:30 - 20:30 Eastwood Children Centre 166 Roehampton Lane London SW15 4HR

13th March 2012 - 18:15 - 20:30 Doddington Activity Centre, Charlotte Despard Avenue SW11 5JE

27th March 2012 - 14:00 - 17:00 New Testament Assembly Chapel, 7 Beechcroft Road, Tooting SW17 7BU

This session will support organisations to:

- Become familiar with the 'Are they Safe' Toolkit
- Explore the Safe Network Standards
- Review their own organisation practice and needs around safeguarding
- Discover what support is available locally and nationally to support their safeguarding practices

All organisations attending the session will get the 'Are they Safe' toolkit.

To book a place at these events please contact:
